

Need airfreight handled? Mundo is right next to the runway!

If your customer needs airfreight **to, from, or via the Netherlands**, we're literally just around the corner. Our office is located **near Schiphol Airport**, with a **dedicated airfreight team** ready to move fast, plan smart, and offer competitive rates.

Short lines with Latin America

With **our own offices in Panama and Mexico**, the lines to Latin America are just as short as the ones to Schiphol. Whether it's import, export, or transit via AMS; **we speak the language, know the market, and get things done.**

From A to Z , but especially from air to ground

From **regular airfreight to express shipments** or project cargo, we combine **speed with service** and always take a personal approach.

No phone menus, no generic forms, just **people who know logistics and care about your cargo.**

Let's move some air!
