

Oversized? Challenge Accepted.

Dear {{First Name}},

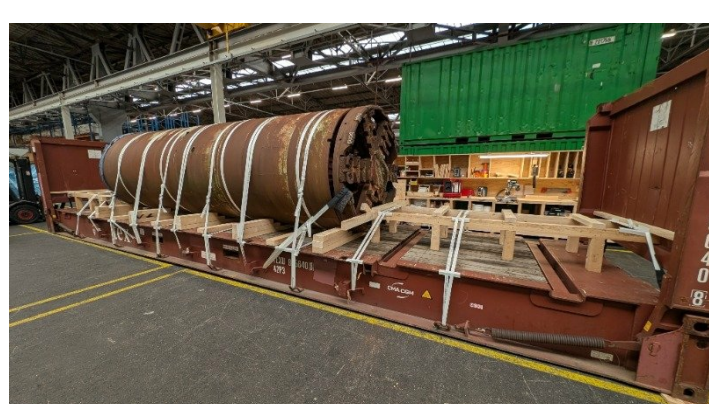

At Mundo International Logistics, we don't shy away from **oversized cargo**.
In fact, we love a good logistics challenge. **The more exceptional, the better.**

Oversized cargo? Bring it on!

Heavy agricultural machinery?
☒ Industrial units with impossible dimensions?
 High-value equipment that needs extra attention?
 We've seen it. We've moved it. We can take care of it.

And it's not just about moving it, we also **prepare it**. Need **custom crating or wooden casing for protection**? We've got you covered. From **tailored packaging to roll-on/roll-off (RoRo) solutions**, we make sure your cargo is not only transported, but fully secured and handled the right way.

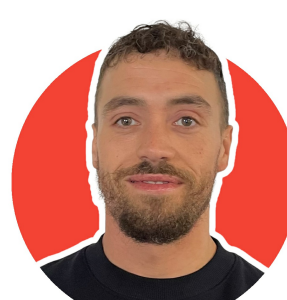

Mundo knows how

Our teams in Rotterdam, **Schiphol, Mexico, Panama and Cuba** know how to handle complex shipments from A to Z.

Whether it's road, sea or air, we combine personal service with **smart planning, global connections and local know-how**.

Oversized cargo is never just big.

It's big in **responsibility, care and precision**. And we're built for it.

Let's stay in touch!
